You will note that a new feature in our paper now is a report on the weather for the past week in the Antioch area.

Tom Robinson, official weather observer for Antioch, has kindly consented to give us this weekly report of temperatures and precipitation for the past week for each issue of the paper. He also includes a few remarks covering matters of interest.

Accident Injures Passenger In Car

An accident in front of the Coral Apartments on Main St. in Antioch, Wednesday resulted in injuries to a passenger in one of the vehicles.

The accident occurred shortly after noon. A passenger in a car driven by Katherine Verkest, Antioch, was taken to the hospital by the Antioch Rescue Squad. Her identity and the extent of her injuries was not yet known as we went to press.

Ronald Horton, Charles Court, Antioch, driver of the other car involved, was apparently driving south on Main St., when the Verkest car made a left turn in front of him and was struck on the side. Mrs. Verkest was reportedly turning into Coral Apartments. Neither driver was reported to have serious injuries.

Former Resident Undergoes Surgery

Word from Waupaca, Wis., informs us that T. J. Tronson, a former Antioch resident, underwent surgery on his right leg recently. Mrs. Tronson writes that T. J. is recovering and expects to return home October 30 or 31.

Mr. Tronson was a photographer in Antioch, and for several years developed and printed the pictures for The Antioch News. He retired and moved to Waupaca about a year ago.

Grass Lake School Invites Parents To Visit Classes

The Grass Lake School District 36 will open its doors on Tuesday and Wednesday of next week in observance of National Education Week.

Supt. John P. Schockmel said that parents are cordially invited to attend classes on November 7th and 8th during the school day in order to observe the operation of the school program. Any time after 8:45 a.m. parents may report to the office, sign the guest register and then visit the classrooms.

American Education Week has a theme this year entitled, "How Good Are Your Schools?" Schockmel also mentioned that most parents have a deep concern for the education of their children.

There's an ever-present wondering. They wonder whether their schools are doing what needs to be done to help their children lead happy, productive lives and to prepare for adulthood in this ever changing world.

The founders of American Education Week, the National Education Association and the American Legion, are still co-sponsors of it, along with the U. S. Office of Education and the National Congress of Parents and Teachers, who became co-sponsors in 1922 and 1938 respectively.

News of Death Received

Mrs. Marion Vaughn, daughter of the late Charles B. Watson, passed away Oct. 31 at her home in Santa Barbara, California.

More than 150 packages were made ready for shipment to Antioch area soldiers in Viet Nam last week. Postoffice personnel, supporters of the project and American Legion members worked on the mailing. Left to right, Mrs. Helen Dowell, Mrs. Dorothy Horan, Linda

Kriesant, Jeanette Kriesant, Mrs. Rose Kennedy, Mrs. B. F. DeVries, Mrs. Bernard Stadick, Eva Fields, Betty Vanderkloot, Joe Wolf, Mrs. John Horan and Dr. George Jensen.

No Vandalism On Halloween

Halloween pranks were kept to a minimum in Antioch, with the police reporting no vandalism.

Antioch police themselves were the main target of pranksters. Some Halloween celebrants managed to deposit the traditional outhouse in front of the police station during the night, and a more modern bathroom accessory was left in front of Chief Harold Mason's home.

Streams of trick or treaters kept householders busy handing out goodies throughout the evening. Trick or treating was confined to Tuesday evening in Antioch, by order of the Mayor.

Legion Helps With Viet Nam Packages Gifts For Soldiers

Antioch post office personnel, American Legion members and mothers of servicemen got together at the Antioch Legion Hall recently and packed 190 packages of assorted items to send to Antioch men serving in Viet Nam. Some of the packages will also go to hospitals in Viet Nam.

Four packages were packed

for each man. They will be sent in mailings about a week apart, so that the men will receive a package each week.

Included in the packages this week was a package of candy brought in by Margaret Nelson, one package for each man on the list. A variety of paper back books also

were sent, in addition to the usual items of soup, KoolAid, pens and paper, and other useful items.

The Lake Villa VFW and Ladies Auxiliary also prepared a package for each man on the list last week and brought them to the Antioch post office to be addressed and mailed.

Funds are now being raised for the special Christmas mailing. The supporters of Project Viet Nam hope to send a special Christmas package to each man on the list, each package probably costing about \$10.

Funds for the Christmas packages will be supplied by the sale of the Viet Nam stickers, which are available in a number of places in and around Antioch.

The stickers, like Christmas seals, may be used on letters, packages or what-have-you. They are an attractive design, much like the special envelopes. The stickers were donated by Harold Gaston of the Antioch News, so all proceeds of the sales are profit and will go into the special Christmas fund.

The stickers are in sheets of 32 and sell for 50c a sheet. They are on sale at The Antioch News, the Moose Lodge, King's Drugs, Seeman Cleaners, Oakland Resort, Mark Turner's Castle, Phil's Restaurant, Harold's Restaurant, Reeves Drug Store, Weasel's Lounge, the Antioch Bowl, Steve's Channel Inn, Paly's Lounge, the Busy Bee, Lorenz's Smart Country House, Norshore Resort, the Little Gallery, Sequit Harbor, Furlan's Tap, The Brave Bull and Timber Ridge (on 41 & 50).

There are now about 50 Antioch area men in Viet Nam. The number has remained fairly constant for some time. Project Viet Nam, sparked by the activities of Postmaster Joe Wolf and Harry Brehen, has regularly mailed packages to all Antioch area men in the war area for many months. Started on funds donated by the personnel at the Antioch post office, many people and businesses have since joined in financial support of Project Vietnam.

The postage on the packages mailed is one of the major expenses. The men who work at the post office are able to keep this expense to a minimum by knowing the exact limit of weight for the cheapest rate.

Each package sent to a serviceman is a reminder that the folks of his home town remember him and are aware of his sacrifice. Letters are received frequently at the post office, thanking the men for the packages and the greetings.

2 Antioch Students Reach Semifinals

Assistant Superintendent Warren Polley has announced that two seniors at Antioch Community High School have been named Semifinalists in the 1967-68 National Merit Scholarship Program and three seniors received honorable mention in the form of Letters of Commendation.

The semifinalists are Linda Grego and Roger Kovachy; the letters went to Russ Barthel, Irene Doyle, and Tony Haber.

The 14,000 Semifinalists appointed throughout the nation have advanced to the second step in the competition for about 2,900 Merit Scholarships, valued at more than \$8 million, to be awarded in 1968.

Semifinalists scored the highest in each state on the National Merit Scholarship Qualifying Test given last February. They constitute less than one percent of the graduating secondary school seniors in the nation.

The Semifinalists are young people of high intellectual potential, according to John M. Stalnaker, President of the National Merit Scholarship Corporation. "From this group will come future leaders of business, industry and the professions," he said.

"These students deserve credit and honor. They have put forth the effort to develop their abilities and to attain academic success. They bring honor to their families, who deserve much credit, as do their teachers and their communities. Their future success, however, will depend increasingly upon their ability to become productive at the high intellectual levels of which they are capable."

Semifinalists must advance to Finalist standing to be considered for Merit Scholarships, since all winners will be selected from the Finalist group. Semifinalists become Finalists by receiving the endorsement of their schools,

taking a second examination, and submitting information about their achievements and interests.

Every Semifinalist who becomes a Finalist will be considered for one of about 2,400 four-year Merit Scholarships financed by some 400

"Brigadoon" At Central High

The musical "Brigadoon", with a large cast, will be presented on Friday evening, November 3, and on Saturday evening, November 4 at 8 p.m. at Salem Central High School.

An innovation this year will be a new sound system now being installed in the gym. The players are also fortunate in having a new stage curtain—due to the efforts of the student body, working toward this goal.

The musical is under the direction of Terry Havel, speech teacher, who handles the speaking parts; Keith Lunde, the singing parts, and Edward Stevens, the musical instrument parts. One of the student's mothers has helped considerably with the dancing parts. She is Mrs. Koenecke.

Tickets for Brigadoon may be purchased at the door each evening, or obtained from the students of the cast.

Why Not Demonstrate?

"Demonstrations" have come to mean "violence" and "lawbreaking" in the mind of the public. The first thought that springs to mind when we hear of a planned "demonstration" is a right-bent mob, daring anyone to try to interfere with them and defying police orders to abide by the rules of peaceful assembly and common sense.

Anti-war demonstrations, such as the one recently staged in Washington, D.C., are a travesty on the rights guaranteed by our Constitution of free speech and free assembly. Just when does freedom become license?

Such "demonstrations" certainly give aid and comfort to the enemy. They also cost the taxpayers a lot of money, money that we need for other purposes. In addition to the time put in by police at the scene of the demonstration, thousands of MP's were flown to Washington to insure order. That means that each of us is paying out tax money because of these demonstrations.

"Demonstrations" need not be lawless and violent. Consider Antioch's peaceful "demonstrations" of support of the men in Viet Nam. Regardless of personal opinion of the "rightness" or "wrongness" of the war, our men are over there fighting. Project Viet Nam was conceived to let the men of Antioch in Viet Nam know that the people at home support the war effort as long as our men are over there.

The young soldiers who returned to Antioch from the war area have repeatedly spoke of the comfort of receiving a package that they knew came from "the folks back home", perhaps from people who didn't even know them, simply sent in gratitude for their sacrifice.

The Viet Nam envelopes and stickers, too, are a peaceful demonstration that the people of Antioch support the war effort. These envelopes go all over the nation, reminding people of the need to voice their support of their country. Other groups and other towns take up the gesture of support, counteracting the few vocal dissenters who try to disrupt the nation.

Demonstrations can be peaceful and helpful. They need not be very expensive, nor violent, and they need not mean a mob howling disapproval. The quiet strength of the many who face reality and do their bit to answer the voice of the irresponsible mob will eventually drown out the few who put themselves above the needs of the nation.

Courthouse Notebook

BY LOU DURKIN

For some college kids the big moments and the triumphs are blazoned forth in sports page headlines relating game-winning touchdowns or from page stories telling of draft cards burned or demonstrations staged.

This story was a paragraph tucked away in a letter that leaned rather heavily on the suggestion that mail would be welcome, especially if the mail contained some edible goodies and some currency of the realm.

The paragraph mentioned briefly that he was taking part in a "Head Start" type program in the slums of Washington, D. C., tutoring fifth and sixth grade students in English and pushing open the door to the exciting world of drama and the theatre.

He is not exactly a professional in the theatre himself, but this new world had been opened to him in his senior year in high school and now he was anxious to share its magic with others who weren't fortunate enough to have a dedicated teacher willing to spend extra time to introduce them to the wonders of literature and drama.

He had had his small triumphs in the past and had mentioned them casually during the hurly burly of a family breakfast or by tossing a trophy on the couch before dashing out for points unknown.

But these were as nothing compared to the sense of satisfaction and accomplish-

ment that underlaid his comment, "Dad, you should see the way these kids grasp what we are giving them."

He told of reading a play that surely should have been beyond their grasp and how they understood the nuances and subtleties of the message.

There was real enthusiasm in his telling of the play "his kids" were preparing for because he was seeing a flowering and a seeking for something new and better. The new letter tended to overshadow the first message of his new adventure, a letter which told of a police notice that the "tutors" must be out of the neighborhood by 9 p.m. or call for a police escort back to school.

And it overshadowed stories from his home town of the Homecoming Dance postponed because of unrest in the high school.

There may be no headlines or cheers for the work he and his companions are doing, but it is hard to shake the conviction that somehow what they are doing in the gloom and dinginess of a slum church basement is more important than the feats being performed on the playing fields before thousands of spectators on an autumn afternoon.

One wonders how many thousands of teenagers and college students across the country are giving of their time and themselves to make the way a little easier for the less fortunate and doing it

Sir:

In the 17th Chapter of the Book of Exodus we read: And Amalec came and fought against Israel in Raphidim. Choose out men and go out and fight against Amalec. Tomorrow I will stand on the top of the hill, having the rod of God in my hand. Josue did as Moses had spoken, and he fought against Amalec; but Moses, Aaron and Hur went up to the top of the hill. And when Moses lifted up his hands, Israel overcame; but if he let them down a little Amalec overcame.

"And Moses' hands were heavy; so they took a stone and put it under him and he sat on it; and Aaron and Hur stayed up his hands on both sides. And it came to pass, that his hands were not weary until sunset." And

people of God and claiming the world for His enemies. If enough hands are raised in prayer, the forces of freedom triumph; when they are not, the tide of battle turns against us in every case.

Would that more leaders in church and state and in all forms of communication media realized and emphasized this great truth. In these grave times we need strong faith and firm trust in God, our Creator and Redeemer, much more than vast material armaments and allies abroad. "It is later than we think," in the tragic drama of mankind's apostasy from its Lord and God.

Respectfully,

Richard Lenzi

corporations, foundations, colleges, unions, trusts, professional associations, other organizations, and individuals and by NMSC itself. In addition, about 500 one-time National Merit \$1000 Scholarships will be awarded for the first time in 1968.

Winners of four-year Merit Scholarships may receive up to \$1,500 a year for four college years, depending on their individual need. Winners of the National Merit \$1000 Scholarships will receive one-time grants of \$1,000 upon enrollment in college.

High school grades, accomplishments, leadership qualities, extracurricular activities, and school citizenship of the Finalists are evaluated, along with test scores, in selecting Merit Scholarship winners.

Names of the Merit Scholars in the 1967-68 Merit Program will be announced by early May 1968. More than 15,900 students have received Merit Scholarships in the twelve annual programs to date. Over \$52 million in financial assistance to Merit Scholars and their colleges has been expended or committed through the Merit Program to date.

The Letters of Commendations are awarded to the group of students who are scored just below the Semifinalists. They too, will be sought after by many colleges and, no doubt, have their financial needs met.

We want to help.

Part of our job is making sure that all our customers have full and unhindered use of their telephone. Sometimes we have to do something a little special to bring phone service in line with a person's restricted abilities.

For example, we've developed services to help people who are blind, hard-of-hearing, or have impaired vocal cords. And we've priced them with no intent to profit. Some regular services—such as Speakerphones or automatic dialers—may help people who are paralyzed or bedfast. In addition, we've designed special equipment for individual needs.

But there are a lot of problems we don't even know about. If you have any trouble using your phone,

we'd like to hear from you. Or if you have a handicapped friend, who cannot contact us himself, we would appreciate it if you would call us for him.

Give us a call or drop us a line, and we'll be glad to come out and discuss your particular problem, and do our best to solve it for you. The solution may be right on the shelf in our warehouse. If not, we'll be glad to suggest an original combination of services.

There's no obligation, of course. By sharing your particular problem with us, you'll also help all our other customers with a difficulty similar to yours.

Change now to gas heat. It makes sense.

Because gas heat is by far your greatest heating bargain. (With the money you'll save, you'll smile all the way to the bank.)

Because we'll finance your conversion, give you up to 5 years to pay, with payments as low as \$3 a month. No down payment needed. It's so easy, you'll want to add gas air conditioning too! Your local heating contractor will arrange details.

Because you don't have to worry about it. Gas heat is automatic, needs little maintenance. And, since gas is piped underground, let it snow—you'll have no delivery problem.

Because gas heat is clean heat. It's the choice of nearly 85% of the homes we serve.

Sophs Still Unbeaten After 37-7 Romp

The Antioch sophomore football team extended its winning record to 7-0 by swamping Grayslake Saturday, 37-7.

The Sequoits proved again what a well-rounded team they have become. The almost unstoppable offense rolled up a total of 553 yards. They also demonstrated a balanced attack by gaining 177 yards rushing and 176 yards passing.

The Sophs also demonstrated a rock-hard defense. They yielded a total of only 126 yards to Grayslake; 68 yards of this total came on Grayslake's only scoring play, against Antioch's second string.

Quarterback Louie Nielsen got the scoring underway for the Sequoit Sophs by hitting Terry Triplett with a 49-yard scoring pass. The try for the extra point was no good and the Sequoits lead, 6-0.

Terry Triplett, behind the fine blocking of Mike Ring and Ted Gruszewski, took the ball over from 9 yards out for the second Sequoit TD, to make the score, 12-0.

Quarterback Nielsen threw his second TD pass for the third Sequoit score, a 51-yard aerial to Kevin O'Neill.

Kevin O'Neill hit Rick Nelson with a 33-yard pass for the Sequoits' fourth TD. Nielsen passed to Rick La-

Chance for the extra point to make the score 25-0 with 6:40 left in the second quarter. From this point on, Coaches Hauptman and Tharp substituted freely and the Sequoit reserves saw plenty of action.

Terry Triplett raced 40 yards in the third quarter to make the score 31-0. The Sequoits' final score came in the fourth quarter as Kevin O'Neill took the ball over from ten yards out. The score stood 37-7.

Antioch's interior line of Ron Ozga, Mike Ring, Jim Polley, Ted Gruszewski and Jim Jakobs did a fine job of opening gaping holes for the Sophs' speedy backs. Rick Nelson played another outstanding game at left end as did his counterpart, Erv Nevitt, at right end.

The return of Jim Rockow to his linebacking post helped to make the defense solid and held the Grayslake yardage to a minimum. Don Carlson again did an outstanding job as defensive end.

Jim Haley and Gary Slagle should be mentioned for their continued improvement. Both have worked hard all year and are pushing for a starting assignment.

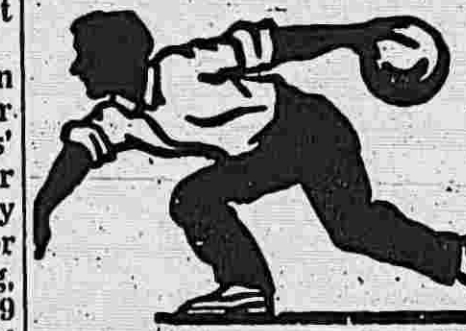

Dan Sterbenz also did a fine job at defensive end. Dan is slowly developing into a good football player.

Commenting on Saturday's game, Coach Hauptman said, "I was very pleased with our passing attack. We completed eight out of sixteen passes for 176 yards. We also did a fine job of rushing. When both your ground attack and your air attack are working so well it is very difficult for a team to defeat you. I was very pleased with our all-around performance on offense and defense. All the boys gave a good account of themselves."

Sauptman said, "We are expecting a hard-fought game with Round Lake next Saturday. We are No. 1 and we know they will be trying to knock us out of the unbeaten ranks. It should be a fine football game."

Sequoit fans may have a chance to see history made Saturday. If the Sequoit Sophs come through Saturday's game unbeaten, they will be the first Antioch football team to go through the season untied and undefeated.

Game time is noon at Round Lake.

Rifles Take CSFL Title

The Lake County Rifles won their second straight Southern Division Central States Football League title Saturday, October 28, defeating the rugged Racine Raiders 17-13 in one of the most thrilling finishes ever seen in a Central States League game.

The Rifles' victory came with 26 seconds to go in the final chapter of the game when Eddie Schultis, the smallest man on the Rifles eleven, took a 45 yard Lew Flinn pass on the Racine 3-yard line, evaded a couple of Raider defenders and plunged into the end zone with the winning score. Schultis' touchdown turned an almost certain Raider upset, into a defeat for the powerful Racine club.

Seconds earlier, Raider quarterback Jim Dew plunged into the end zone to put the Raiders on top 13-10.

Lake County enjoyed a 10-0 lead at halftime on the strength of a first quarter Wayne Miller field goal which traveled 47 yards to split the uprights and a two yard sneak by Rifle quarterback Lew Flinn.

Racine turned a fumbled punt return into a third quarter TD when fullback Tom Fugette plunged over from the one yard line. Jim Teff made one of his two kicks for extra points.

The Rifles, with Flinn back at the helm, mustered one of their best offensive efforts against Racine. The Rifles picked up 390 yards against 251 yards for Racine.

In passing, Flinn had seven completions in 16 tosses for 161 yards while the Raiders' Dew completed 15 of 33 for 157 and halfback Larry Grimes completed one of two and 27 yards. Rushing, the Rifles mustered 229 yards while Racine was held to 67. Bill Bodle led the Lake County infantry with 146 yards in 30 carries. Maurice Guins had 66 yards in 14 tries. Grimes led the Racine rushing with 30 yards in 9 tries. Bodle was also the leading Rifle receiver with four receptions, 82 yards.

The Rifles next outing is the league championship game to be played Saturday, Nov. 11 at Weiss Field, Waukegan. Game time is 8 p.m. The Rifles, defending CSFL champions will meet the powerful West Allis Racers for the league title.

West Allis is the only team to register a victory over Lake County this season, a 6-0 squeaker while Flinn was out of action with injuries. West Allis earned the right to appear in the title game by downing defending Northern Division titleholder Madison 12-0.

The Rifles close the season with a record of 7-1-2. West Allis is 8-2.

Sequoits Win, 19-13, Face Round Lake Next

Neither the Antioch Sequoits nor the Grayslake Rams could get up any steam in the first two quarters of Saturday's football game at the Antioch High field. The half ended with no score showing on the scoreboard.

"We expected a slump after the fine game the boys have played the last two games," Coach Roy Nelson said. "Nothing we did could seem to pull them out of it. Fortunately they came to life enough in the last two quarters to pull out a win." Antioch won, 19-13.

Antioch will be shooting for second place in the N. W. Suburban Conference when they play Round Lake at Round Lake next Saturday afternoon. Undefeated Lake Forest clinched first place by defeating Round Lake Saturday.

Antioch started the scoring early in the third quarter when Ralph Zancz picked off a Grayslake pass and ran the ball 55 yards for a touchdown. The kick for the extra point was blocked, and Antioch lead, 6-0.

Grayslake took the lead a

short time later, when Steve Andrews recovered an Antioch fumble. A 56 yard pass from Bob Palo to Jack Zecklin resulted in the Rams' TD, and Chris Siedlacki's kick for the PAT was good. Grayslake led, 7-6.

The Sequoits promptly regained the lead, as Zancz took the kick-off on his own 31-yard line. Steve Owens connected with a 69 yard pass to Zancz for the TD, and Don Effinger kicked the extra point to put the Sequoits ahead, 13-7.

The game was delayed several minutes in the third quarter because of injuries to both an Antioch and a Grayslake player. The Grayslake player recovered quickly. Tim Wells, believed to have an injured neck, was taken from the field by the Antioch Rescue Squad and later reported to be O.K.

Antioch scored again in the fourth quarter when Larry Davis intercepted a pass. The Sequoit drive started on the Grayslake 48 yard line. The TD came on a 10-yard pass play from Steve Owens to Fred Koch. The PAT was

no good and the score was Antioch 19, Grayslake 7.

Grayslake scored the last touchdown of the game with 38 seconds left. A fumble was picked up by Bob Bartz on the Antioch 13 yard line and run back to the 1-yard line. Steve Andrews went around left end for the final TD, and the game ended Antioch 19, Grayslake 13.

Zancz was a busy boy Saturday, scoring two TD's, intercepting two passes and

making five tackles and five assists. Karl Jennrich made 6 tackles and 3 assists; Dan Smith led on defense with 8 tackles and 6 assists. Blecke contributed 6 tackles, and 1 assist; Larry Davis, 5 tackles, and Mike Mazer and Don Effinger, 5 tackles each.

Saturday's game against Round Lake will be the final game of the season for the Sequoits. The sophomore game starts at noon, the varsity at 2 p.m.

Bernie Stadick with the deer he bagged on a recent hunting trip.

Local Man Gets His Deer

Bernard Stadick, accompanied by three men from the Waukegan area, returned to Antioch on October 25th, well rewarded from spending a week living and hunting in the western area of Fruita, Colorado. Mr. Stadick shot two prime buck "mule" deer, one weighing 140 lbs., and the other one 160 lbs.

Enroute to Fruita, the men encountered a bad snowstorm and blizzard in Loveland Pass, but huge snowplows were already in operation to combat winter's first icy threat. At Fruita, the men met their guide, who drove them in a jeep, 57 miles into the wilderness.

The men lived in tents and enjoyably "roughed it" high in the mountains (elevation 8,000 ft.) for four days. Deer are plentiful in this part of the country, and the four men shot eight deer.

The slain deer are hauled up and down the steep mountain gulches on a steel sled, with a rope pulley arrangement. "Bernie" and his companions felt the few hardships endured were well worth it, considering the trophies they brought home.

The United States is making more money this year than Europe and Asia know what to do with.

NICC Loads Up For Turkey Shoot

By Harry H. Stern

The Sixth Annual Northern Illinois Conservation Club's Turkey Shoot will be held Sunday, November 5th, at their trap range on Rt. 173, three miles west of Antioch.

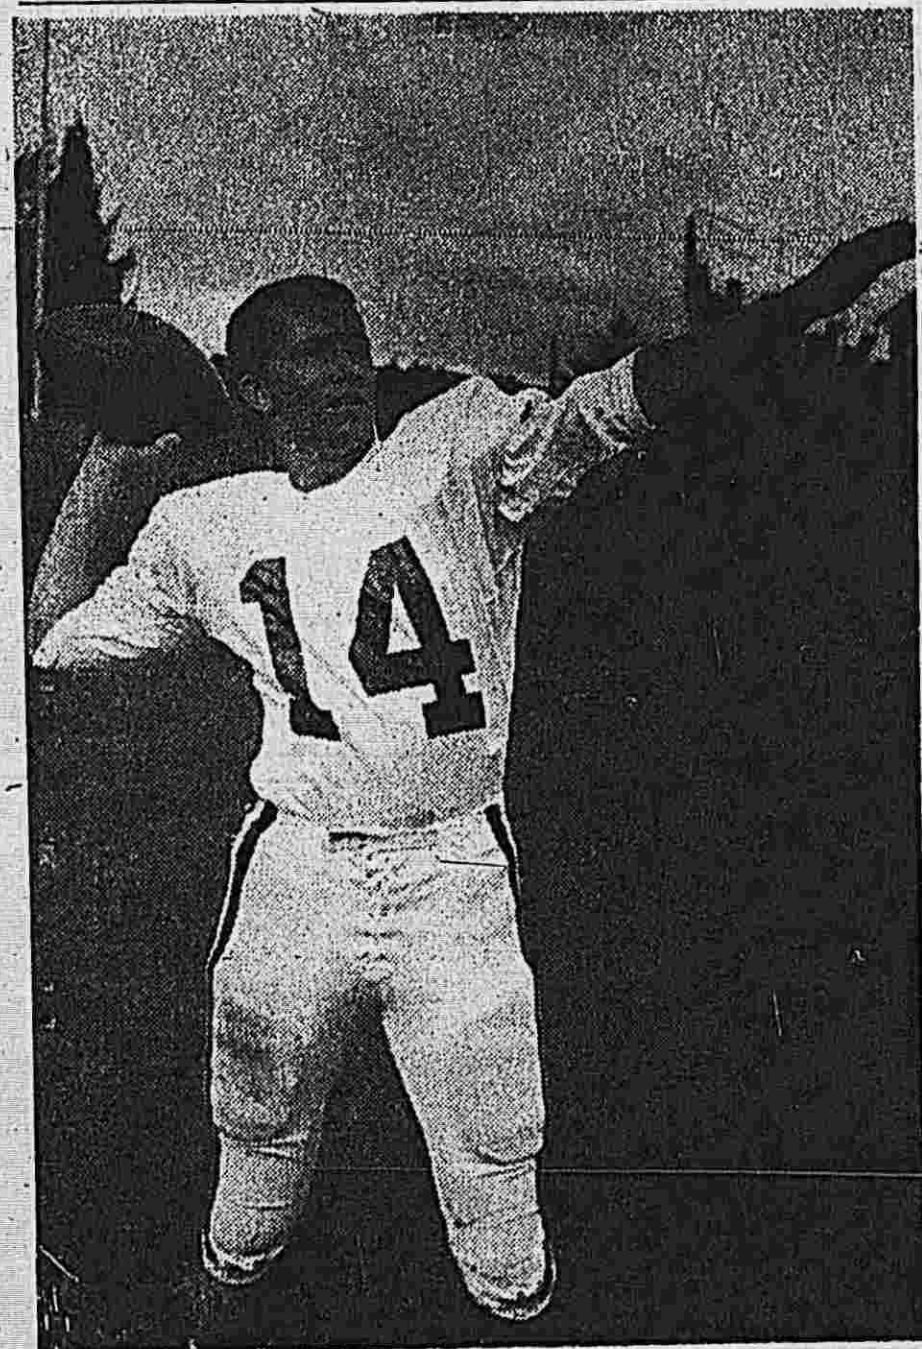

In addition to presenting the most diversified shooting program, the club will also hold one of its famed Chicken Barbecues for the shooters, their families, and all others who like to watch the developing contests or who just savor charcoal barbecued chicken. Shooting will start at 10 a.m., feasting at 12 noon.

Timed to coincide with the current hunting season, newcomers who fail to connect in the duck blind or in the field, can hit pay dirt here, and fill out unfilled limits. For others it is an opportunity to load the larder for the upcoming Thanksgiving Day feast, and have fun doing it.

The Shoot lists 13 events for five prize categories, all ten target contests, as follows:

Greatest Homecoming Ever

Homecoming was very exciting this year due to the hard work of the Student Council.

At the Friday night bonfire, Janet Pachay was announced queen of the 1967 Homecoming. Danny Smith, Karl Jennrich, Jim Shore, and Ralph Zancz gave pep talks to the large crowd at the rally. Coach Hauptman, Coach Nelson, Mr. Polley, and Mr. Dittman also

gave encouraging speeches to the assembled students. Our guest alumnus speaker was Mayor Toff.

After the talks and many cheers, all went down to the bonfire, which was held at the northeast end of the new track. It was a bit windy and cool, but all seemed to enjoy it. After the bonfire, some went to the free sockhop in the gym annex.

Saturday morning brought

a cold, rainy day for the parade, but it went through anyway. The rain cleared up for the game on Saturday afternoon, although the cold still prevailed. There was still a large turnout, though, in spite of the cold. The junior float, winner of this year's judging, was cheered on as it followed the queen and her court around the track area between the two

games.

The Sophomores won by a score of 15 to 7. The varsity won their game by a squeeze of 12 to 6. The Bulldogs almost pulled through in the last quarter, but the fighting Sequoit defense held them.

Saturday night brought many to the big dance, which was enjoyed by all. The band provided music and the decorations were beautiful. At

the Coronation, Janet Pachay and Mike Mazer were crowned Homecoming royalty. Karl Jennrich and Cindee Cross, Gregg Drije and Linda Schultz, Steve Owen and Gail Bonner, Sonja Nelson and Louis Nielsen, and Marty Romaine and Cathy Pawlowski made up the court. It was a wonderful Homecoming. Too bad it only comes once a year!

Bell, Book And Candle

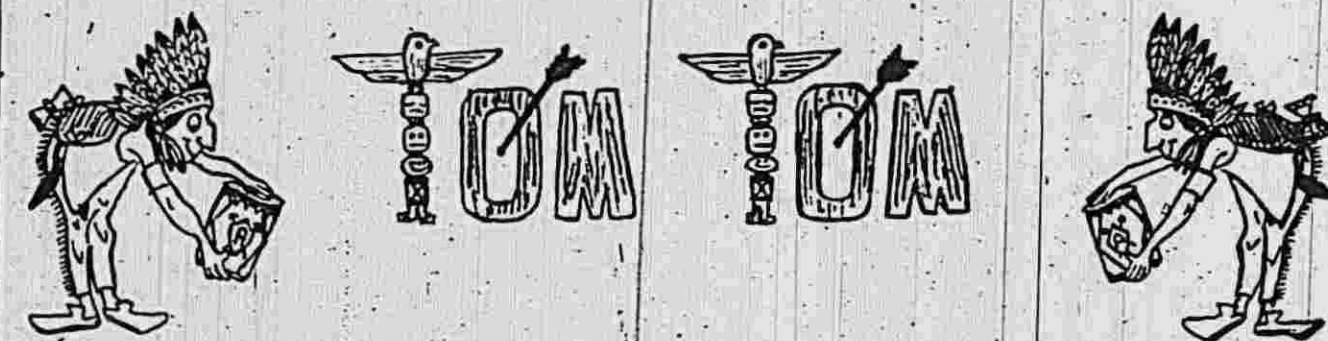

This year's fall play, *Bell, Book, and Candle*, directed by Mr. Corrigan, will be presented October 27 and 28 at 8:15 in the auditorium. *Bell, Book and Candle* by John Van Druten is a play that deals sensitively with the trials and tribulations of an uncommonly beautiful but rather reluctant witch.

Victorious Homecoming The Student's Council

Antioch pulled off a successful homecoming by beating Wauconda 12-6. Toward the end of the first quarter Dave Camp took the ball and went for the first touchdown of the game, an exciting 80 yard end run. Don Effinger's kick for the P.A.T. was unsuccessful. Both teams went scoreless through the second quarter.

In the third quarter, Antioch lost possession of the ball on a fumble. Wauconda recovered it and ran for their only touchdown. With 39 seconds left Bill Nader crashed through the line and gave Antioch a 12-6 lead. The P.A.T. was no good.

Finally in the closing of the last quarter, Wauconda was threatening to score again. But the constant pressure on Wauconda's quarter-

back by Karl Jennrich and Mike Mazer put an end to that. Karl and Mike nailed him behind the line and saved a victory for Antioch. High quality play by the whole squad made this year's homecoming one to remember.

The Antioch Community High School Band contributed to the school spirit by performing at half time at the Homecoming game.

Vandalism

It has become evident in the last few weeks that there are some students in our school who have never learned that it is wrong to deface other people's property. If they had, there would be fewer broken windows, less spray paint wasted on wrecking public and private property, and fewer bumps and bruises on students who find excitement in starting fights in places where others go for real fun.

It's a shame that those few who have no respect should try to ruin everything for those who stay out of trouble. Of course, we're not the only school that must claim such troublemakers. Only last week-end a neighboring school had their Homecoming dance cancelled because of the antics of some students who didn't know right from wrong or just didn't care. Is something that drastic going to happen at our own school before these kids figure out that they're only making trouble for themselves? I, for one, hope not.

But the troublemakers are in the minority and that is where they will remain. Maybe there are ways for the rest of the student body to discourage further disgraceful acts. Most students know who these troublemakers are. Some students have friends who just don't seem to know better than to get themselves into malicious mischief. Couldn't they help their friends by talking to them and reasoning with them for the good of everyone? It should be worth a try.

Rather than let our school be one of the many which has a lot of trouble, let's make it one of the few which has none.

GET ACQUAINTED ... Can You Imagine?

for two complementary tickets to any one extracurricular activity during the school year of '67-'68, such as an athletic contest, a school play, or a musical concert. Once these passes have been picked up by the proper persons, within a two-week period after the paper issue, they can be used by the winners or anyone to whom they wish to give them. By such use additional good will can be established with all concerned: Alumni and other Cardinal and Gray supporters will be encouraged to take more part in school activities, the merchants will meet new customers, and (also important) the TOM-TOM exchequer will obtain more advertising funds to support the paper's publication.

Prominent Pre-Grad

Glen Bocox, a senior with a goal, is a very interesting person to talk to. He has his own ideas and feels free to express them.

He hopes to attend Oberlin College in Oberlin, Ohio, and major in music with hopes of becoming a professional bassoonist. He said he accomplished what he wanted to in High School "I started High School only to make grades in order to get into college and with the exception of this six weeks, I've done O.K."

His hobbies are making money, writing poetry, listening to "Pete" Tchaikowsky, sleeping, daydreaming, and, of course, girls — but not necessarily in that order. In commenting on mini fashions his answer was "Hokey Moke, Pat, Yeah!"

Glen's advice to Freshmen is, "Don't let yourself become a social failure and no matter what anyone tells you, grades are important. Go after them, but at the same time try and retain what you 'learn' by constant review."

He has one question for this year's Freshmen, "Where in the heck did you get all of those 3 ft. 6 in. guys?"

Fall Band Concert

On November 17 at 8:00 p.m. the ACHS Band will present the Fall Band Concert. The guest conductor will be Dan Hanna, who is the Director of Bands at DePaw University at Greencastle, Indiana. The tuba soloist will be Steve Strang. Hope everyone will be able to attend what looks to be a great concert.

Tom Tom To Viet Nam

Beginning with this issue, copies of each edition of the *Tom Tom* will be sent to former Sequoits who are now serving in Viet Nam. The names of these men and their addresses are on the bulletin board in the personnel office. It would be a nice gesture to write to them.

OPINION

Question 1 — Viet-nam

Should we be there and what course should we take? Debbie Chandler: We should stay in Viet-nam and try for peace.

Roger Sorenson: No opinion, we're just stuck.

Sue Stringer: We should stay and hold our own.

Anonymous: We are right in being there, but we should now try to get out at any price.

John Alshouse: Communism has to be stopped. We should escalate and end it.

Glen Bocox: We should escalate slightly and to push the North Vietnamese back to the border and hold them there.

Jeannine Dow: We should stay and not escalate; we should try for peace at the conference table.

Kris Fournier: Unfortunately, Viet-Nam will end like Korea.

Janet Dirksen: If what we are doing is good for the Vietnamese, we should stay and try for a successful end for no one but the Vietnamese people.

Craig Patterson: We should escalate to win. The war is

an aid to our economy.

Rich Hart: We should try for a win with our full power.

Don McMahon: We got in by a series of blunders, we should turn our backs and leave.

Ellen Gaston: We are right in being there. We should escalate and help the people to set their own government while keeping them free from Communists.

Colleen Gross: We should win and put some effort into it.

Roger Kovachy: We should win or get out. If we get out, we should take precautions to protect the people.

Anonymous 2: War, what war? It's a scheme to raise our taxes! With all the money we spend, we could pay the Mafia \$25,000 per North Vietnamese and lower the cost substantially.

Question 2—Teachers

What should be the qualities in a good teacher?

Roger Kovachy: He should know his subject and how much his students can understand. His presence should enforce discipline.

Ellen Gaston: A teacher should be fair and have a genuine interest in teaching—in short, he should be an educator and not a teacher.

Colleen Gross: A teacher should be interesting and have the ability to make it fun to learn.

Rich Hart: A teacher should explain his subject so it can be understood and still be interesting.

Don McMahon: A teacher should be open minded, progressive and liberal.

Janet Dirksen: A teacher should get along with his students, have the air of knowing his subject, and know how to teach.

Craig Patterson: A teacher should have patience and knowledge.

Glen Bocox: A teacher should not merely be a lecturer, but should ask questions.

Kathy Boston: A teacher should keep interest.

Jeannine Dow: A teacher should have versatility and should be a friend and person as well as an educator.

Kris Fournier: A teacher should help you understand—an educator.

Anonymous: He should get through to the kids.

John Alshouse: A teacher should be fair, and get on the good side of kids—no rough guy. He should be strict with

The Future Teachers of America held their latest meeting on Oct. 19. The meeting beginning at 3:40, was held in the cafeteria. F.T.A. is asking for its members to register in room 203 by Oct. 30. The dues are only \$1.00 so sign up now if you are interested. Kay Kuechenmeister will be glad to answer any questions you may have about this organization.

Photography Club is the perfect club for anyone interested in taking pictures or learning more about cameras. On Tuesday, Oct. 17, the club met to discuss future plans. The meeting was held in room 103 after 10th hour.

Also on Tuesday, there was another meeting of the Drama Club in room 116 after 10th hour. The main purpose of the meeting was to discuss plans for working backstage during stage productions.

The Future Nurses of America held their business meeting on Thursday, Oct. 19.

A new organization is being formed at Antioch. This new club is the Entertainment Club. Anyone interested in music and wishing to join this club is urged to submit his name, telephone number, and instrument in the office.

Spanish Club held its second meeting in room 201 on October 24. The meeting, beginning shortly after 10th hour, was brief. Refreshments were served at the close of the meeting.

G.A.A. has been meeting regularly now every Monday and Wednesday after 10th hour. Their beginning sport was softball; but, due to the cold weather, they have been forced indoors to play volleyball. Now, instead of the usual six teams meeting, only four teams meet to play volleyball. This change is due to the lack of space to accommodate six teams in the gym.

A long list of members for one club is all right, but a long list of participants is best. It is wonderful to join clubs but be sure to become an active participant too.

Debbie Chandler: A teacher should know what's happening—be in the present and earn respect.

Roger Sorenson: He should know the subject, keep discipline and interest.

Sue Stringer: A teacher should be honest with students. He should tell his students of his prejudices and not let other teachers influence his opinion of a student. He should try to bring out the good in a student.

Northwestern Open House

Northwestern University's engineering school will hold its annual open house for high school science students, teachers, and parents on Thursday, Nov. 16, from 7:30 to 10:30 p.m.

John E. Jacobs, professor of electrical engineering and engineering sciences, and the director of Northwestern's Bio-Medical Engineering Center, will give the opening address.

Jacobs will discuss "The Challenge of Bio-Medical Engineering" at 7:30 p.m. in the Technological Institute auditorium. His talk will cover the development of instrumentation and systems for improved medical diagnosis and patient care.

Counselors also will be available to discuss a program of Cooperative Education which enables engineering students to supplement classroom study with challenging work experience in Chicago — our industrial organizations.

The school will furnish a bus for those students interested in going.

Little Sequoit

What dreary weather for Homecoming, huh? I sure was glad to see that so many of you managed to come to the game anyway. (I guess that next time I'll tell the tribe to do their dancing after the game!)

Congratulations to the Junior class! After two years of getting last place you managed to get first place—that's one for the records!

The J.V.'s had their Homecoming game a few weeks ago. Sorry to hear you lost. What's this—your game will be postponed until a time when you win! Well, that's one way to secure a happy and victorious Homecoming.

Doesn't anybody do anything anymore, or do they do things and just don't talk about them? I haven't heard any gossip in weeks, as you can tell.

Glen, you sure were a cute baby! What happened?

We really have a Sophomore team to be proud of. Congratulations to the team and coaches.

Did you all see the picture of Mrs. Brownlee and Mrs. Howes in the office a few days ago?

Betty, did you have fun this week-end?

Well, that's all for now.

DEAR LURCH

Dear Lurch,
Well, first of all there are these girls who keep trying to get me to take them all out on the same night, but there is this one who I'd really like to take out but right now. She's mad at me because I'm saying Hi to the other girls. What do I do about it?

Bad News

Dear Bad,
Obviously, the girl you like must think you are popular, and it seems that you are. Why spoil a good thing while it lasts? By the way, would you kindly stop flirting with my girl friend??

Lurch

Dear Lurch,
I'm going with two guys and I like them both. One is in the service and one is at home. I met the home boy after I was going with the service boy. Who should I choose?

Sincerely,
Double or Nothing

Dear Double,
First, you are asking for trouble; double or nothing isn't a very good odds. Why not consider going with me? With odds like that, you can't miss.

Lurch

Dear Lurch,
I like this person who lives in another town and that person likes me. That person and I are going steady. How can I break off without hurting that person's feelings? I like that person but I don't like that person enough to go steady with that person. That person is also very jealous and gets mad easily. What can I do?

Puzzled

Dear Puzzled,
I'd say "that person" definitely has a worse problem than you. Better break away before it's too late. By the way, what are you doing Saturday night?

Lurch

liked it and it was one of my best subjects."

After completing college, Mr. Tharp went to Cheyenne Wells, Colorado, to teach history and then came to Antioch.

He loves coaching and thinks that the sophomore football team is great in that they have much determination and a desire to win.

Mr. Tharp states that, as a whole, kids are very friendly and cooperative at Antioch. He says that even though we don't realize it now, high school years really are the best years of our lives and we should try to make the best of them.

One thing Mr. Tharp would like to see is more school spirit.

Warren Held Scoreless

The fighting Sequoits scored another victory at Warren. Under the lights, and a good night for football, the Sequoits defeated Warren, 6-0.

It was a strong, tight game all the way through. And Antioch getting its only T.D. in the last quarter proves that. Quarterback Steve Owens dove over the goal line for the winning T.D. with only two minutes, 41 seconds left. Our P.A.T. at-

tempt was unsuccessful.

A fine defense line kept Warren from scoring. Ralph Zanck also stopped an attack in the last quarter by a pass interception. Five offenses were shown by Bill Nader who went 147 yards in 28 carries and Dave Camp 39 yards and 11 carries. Larry Ryan, Ralph Zanck, Mike Mazer, Dan Smith and Karl Jennerich should be commended for a fine defensive job.

The Student's.....

(continued from page 1)

and still maintain students' rights to their fullest extent? The answer may lie in the efficiency of the Student Council.

Students must learn to employ this tool of democracy so they may reach the same ends by less reprehensive means. In most cases, students have just and reasonable causes; however, they do not know or use the proper channels to express or obtain them.

Problems that are unsolvable on an individual level or involve most of the student body can and should be brought before the student council. Three basic procedures are used to submit a problem or topic. Most often, it is given to an elected representative for placement on the agenda. But if the student wishes to present the issue in person, this is easily arranged if requested to the sponsor or an officer in advance. More emphasis may be acquired by the submission of a petition signed by members of the student body. This petition will go directly to the council executive board.

After a topic is placed on the agenda, the officers and sponsors review it before the general meeting. Then it is discussed before the entire council and opinions both pro and con are expressed. If the council decides to act upon the issue, a motion is introduced and voted upon.

If the administration and/or the school board has jurisdiction over the topic, an appropriate recommendation and usually a conference is arranged by the student council. Approval by council vote means the issue will receive the utmost support possible.

At first, this may seem confusing, but one important fact focuses on the significance of the entire concept: Each student has an equal voice in our school affairs. The student council acts as a sounding board for your ideas and views. This and this alone, makes it truly a Student's Council.

**Frosh
Football**

This year's freshman team has a 5-1 record, putting them in second place. Their only competitor left is Grayslake, which they will play this Saturday. Commenting on the passing and running attack of the team, Coach DeRouse feels that we can do either extremely well, having an equal chance in both. Our big yard gainer for the Frosh team is Bittner, a halfback averaging 10 yards per carry. The touchdowns for the most part are divided between Bittner, Bolton, an end, and Cleason, a fullback.

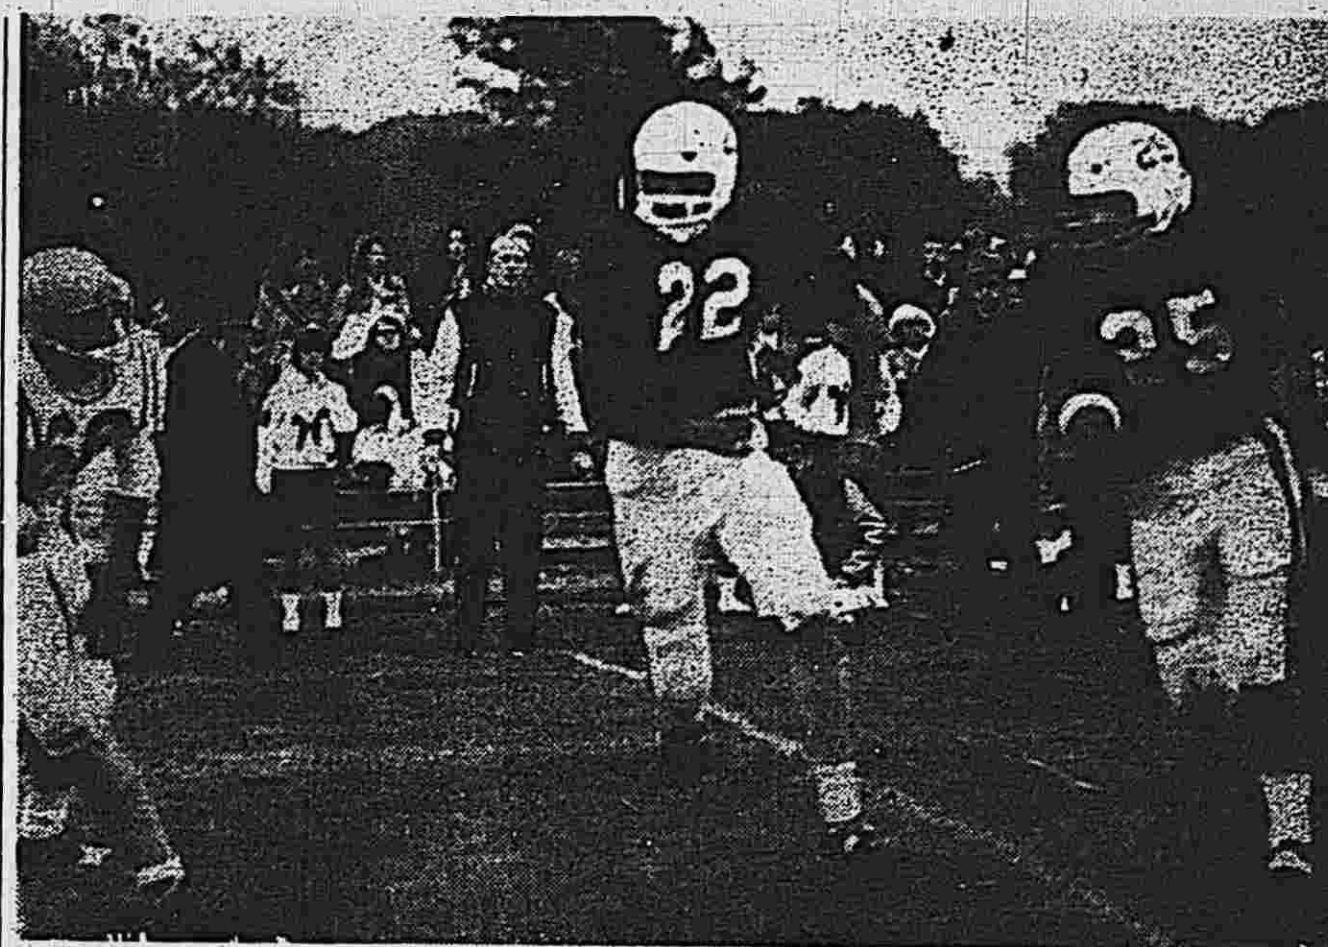

He feels that the line is doing an extremely fine job with the outstanding men being Pogose, a guard, and Story, a tackle. He feels that the defense is a little better than the offense but they are both handled extremely well.

Coach DeRouse feels that the team is the best Antioch High has seen for many years. If they stay together he feels that they have fantastic potential. The team spirit is high so let's show them our school spirit and back them with our presence at Grayslake on Saturday. Coach DeRouse and Coach Hahn are confident and we wish the team the very best.

Sophomore Sequoits

The sophomore football team, this year is really doing well. They have a great 6-0 record going for them, giving them 1st place. Some of the biggest yard gainers are Triplett, O'Neill, and LaChance. Terry Triplett has the honor of having the most touchdowns. The offense is said to be tops. They control the ball and average 26 points per game. The line has seemed to improve, with each game. The future of the team is potentially one of the finest. They have speed and size and are an all around Soph team.

Mr. Hauptmann says that his primary worry is that the team will get over confident and figure that they have it made. Of the two remaining games, Round Lake is consid-

Steve Owen (22), ready to clear the way for ballcarrier Dave Camp (25).

**Benign Assistance
Saves Scouts**

With the help of benign aid from three assistants, the Lake Forest Scouts slid past the Sequoits 20-12. Antioch was riddled with numerous bad breaks. The Sequoits may have pulled off a victory were it not for a few unfavorable calls. For example, in a penalty situation the Scouts had the ball on their 3rd down and 21 yards to go. It should have been 4th down and a punt situation. However the Scouts were able to capitalize on the call and threw a long bomb for the first down. They went on to make a last T.D. and what seems to have won the game for them.

In the first half Steve Owens, the Sequoits' quarterback, hit Dave Camp with a pass. Dave ran only a few yards for Antioch's T.D., which made the score 14-6 at half time. In the second half Steve hit Gregg Drije in the end zone for our 2nd score. Both P.A.T.'s were no good. The score was 14-12 when Lake Forest capitalized on a bad call and made their touchdown. Final score Lake Forest 20-Antioch 12.

ered the tougher. But that's the way our sophomores like them—big and tough with no seasoning.

Runner's Reign

Antioch successfully defended its Cross Country championship last Friday at Crystal Lake. A top performance by the seven Antioch runners and good balance enabled the Sequoits to take the championship for its second year in a row.

Representing Antioch were Chuck Denman, taking fourth place, Bill Effinger, seventh and Bob Biaggi, eighth. Tallying more points were Jim Maier, taking 14th; Mike Polley, 16th; John Mikosh, 17th; and Tom Effinger, a freshman, 16th.

These boys have worked hard all year and last week's show proved it. Good coaching also enabled the team to be number one in the N.W. S.C. They've given Antioch a name in Cross Country this year and they'll be up there again next year. Congratulations to Coach Mueller and his squad!

Best Wishes to Sequoits

Channel 11 Plans For First Membership Drive

Long-time supporters of WTTW/Channel 11 will beat the drums for the educational station's first membership drive on five evening pledge-a-thons to be televised during the next two months.

On October 15 and 30, November 9 and 21, and December 11 from 5:30 p.m. until 10 o'clock, a battery of volunteer telephone operators will go on the air to receive membership pledges from viewers before and after each scheduled program.

A special telephone number has been arranged for the pledges—583-7979.

Channel 11 personalities who will serve as pitchmen for the "hard sell" campaign will be Robert Cromie of BOOK BEAT; Mrs. Ralph Falk II, of PROFILE CHICAGO; Ralph Brown, host of SOAPBOX; and Val Bettin, the STORYTELLER.

The telephone will be manned by volunteers for Channel 11 from Chicago and the suburbs who have long been involved in the station's fund-raising efforts.

Formerly, membership in the Chicago Educational Television Association was limited to other educational organizations. This is the first year that viewers of the station are being invited to join. The membership range from a Regular Membership with dues of \$15.00 a year to an Honor Membership for \$1,000.00. All members will

receive a 12-month subscription to Channel 11's program guide. The membership card will serve as a studio pass admitting holders to special shows and taping sessions on a first-come first-served basis. Members who work on Channel 11's annual fund-raising auction will have first chance to work in the studios during Auction Week.

Channel 11 is a non-commercial, educational television station and, therefore, will never be entirely self-supporting. Each year the station must turn to the community for contributions to equal at least one-third of its operating costs. The five pledge-a-thons are expected to help meet this goal.

Understanding Can Cure Many Ills, Says Lecturer

Failure in human relationships underlies much of the world's serious health troubles, mental tension, disappointment and frustration—according to Neil H. Bowles, C.S.B., lecturer on Christian Science.

He told an audience in Waukegan on Sunday, Oct. 22, that this problem can be solved by an understanding of man's spiritual nature as the son of God.

Mr. Bowles is a member of The Christian Science Board of Lectureship, and spoke under the sponsorship of First Church of Christ, Scientist, Waukegan. The lecture was given in West Campus Auditorium, Waukegan Township High School. The title was "Who Is Your Brother's Keeper?"

Referring to the familiar Bible story in which Cain killed his brother Abel because he envied him, Mr. Bowles said that Cain's problem was not maladjustment to society but lack of spiritual understanding.

"Cain didn't know God. He didn't know God as the absolute all-inclusive Principle of man and the universe, divine Love.

"Naturally then," he said, "Cain didn't know anything about the brotherhood of man, or the divine rules of maintaining a right relationship with Abel."

"When Jesus taught that a man should love his neighbor as himself, he was explaining something of the Science of God."

"He was trying to show us what our real spiritual nature is like and how to behave as sons of God."

The lecturer stated that the basic reason why people don't love others as themselves is because they think of both themselves and others simply as mortals.

He said that the way to stop being like Cain, to stop envying and hating, "is for each one simply to learn of his unlimited selfhood as an immortal child of God. And then act like the child of God."

Mr. Bowles spoke of the need for making "mental elbowroom" for others. Mental elbowroom, he said, is being guided by divine intelligence in dealing with others and not letting emotional reactions govern us.

"Those who reach this point of Christliness will make compassionate decisions and won't be irritated by other people's problems. And they'll not only prevent discordant human relationship problems from arising, they'll keep themselves healthy."

Understanding man's spiritual nature, we find it easier to be unselfish and forgiving, stated Mr. Bowles.

He added that forgiveness blesses both the forgiver and the forgiven—the forgiven even more. "It sweetens his nature; it broadens his outlook; it widens his

spiritual horizons; and above all, it makes him more Christlike."

Mr. Bowles spoke of the need for our individual contribution to the general atmosphere of world thought. He said that our own spiritual growth depends largely on our ability to enlarge our scope of responsibility and contribute our share to the world "on the spiritual side," on the loving and healing side.

Kerner Urges State Employees To Buy Bonds

Governor Otto Kerner recently launched the 1967 Savings Bond Campaign for state employees. In his press statement the Governor encourages state employees to take advantage of the systematic, automatic way of saving, pointing out that there is an added incentive with the new Freedom Shares that are now available as a companion piece to the Series E Bond. These Freedom Shares pay 4.74 per cent with a maturity date of 4 1/2 years.

As honorary state chairman, Governor Kerner has asked John C. Watson, Director, Department of Registration and Education to serve as general chairman, with Claude J. Flynn, Chief, Field Operations, Revenue Department who will serve as drive chairman. Employees of local institutions will have the opportunity of signing up for Series E Savings Bonds and Freedom Shares during the campaign period of Oct. 16 through Nov. 15.

Savings Bonds and Freedom Shares not only provide direct benefit to the employee and his family through accumulated savings but also assist the U.S. Treasury in attaining its goal in connection with the debt management program.
